

**A very large thank you to all of our clients, friends and colleagues who have reached out to ensure that we are all well and will be re-opening in June 2020. We hope you are all healthy and safe.**

**Please see our new delivery and pick up menu at [OnIslandChefs.com](http://OnIslandChefs.com)**

**As we open this summer, we wanted to assure you that we will be adhering to local, state, and national public health mandates and advisories. The health and well-being of our customers and staff is of the utmost importance to Nantucket's On Island Chefs.**

We intend to safely serve the community throughout the Covid-19 outbreak by adhering to the following practices:

- The onsite presence of a 'Covid-19 Captain' as required by ordinance to monitor the health of staff and food safety
- Only our own catering staff will be allowed into our kitchen and prep areas -no members of the public, nor vendors will be permitted in food preparation or packaging areas, or our office
- We are only using vendors who are following all mandates and guidelines
- All current practices to ensure safe food preparation (frequent hand washing, wearing and frequent changing of gloves, frequent sanitation of all surfaces) will be extended to areas of food packaging and order distribution, and delivery. In addition, masks will be worn at all times
- Employees will be monitored daily for good health, and for any potential exposure to Covid-19
- We will closely follow and adhere to any local, state and national public health advisories
- Utmost care will be taken to maintain safe distance between people at our pick-up locations and during home deliveries

Thank you sincerely for your loyalty and friendship. We look forward to sharing a healthy and fun summer with you

Michael Caffrey
